Panoramic camera is a car safety feature.The surrounding cameras simultaneously collect images around the vehicle and transmit them to the image processing unit.After a series of image processing , a panoramic overhead view around the vehicle is finally formed and displayed on the screen , intuitively presenting the location and surrounding conditions of the vehicle.

carplay

never miss a call again or take  
any risks replying to messages  
while driving.

it's a smarter and safer way to  
use your phone in the car.  
simply connect your phone and go.

Android Auto

simply connect your Android phone  
and you'll have total control over y  
our entertainment communications  
other Android apps.
