

- 1) With SD/MMC card Slot, with USB port
- 2) Support 2G/4G/8G/16G memory card extension (Including High-speed USB Transmission)
- 3) Support the playback format of MP3
- 4) FM Range:87.50MHz~108.00MHZ(Europe)
- 5) Stereo electronic tuner,scan & store stations automatically
- 6) Electronic tuning, More than 3 Bands(FM1,FM2,FM3) and 18 Preset Stations
- 7) Power-Off with Auto-memory store function under radio or SD/MMC/USB Mode.
- 8) LCD/LED colorful display
- 9) EQ effect: Flat/Jazz/Rock/POP/Class
- 10) Mosfet : max power output,human engineering coding volume knob
- 11) Many kinds of sound effects can be selected,DSP digital audio control
- 12) Multi-function IR remote control ,Mute Control
- 13) Power supply:compatibility DC 12V
- 14) Clock Function
- 15) Bass & Treble,L&R channel stabilizer
- 16) Multiple circuit protections

- 1, four-channel electric transfer machine, EQ optional;
- 2, the amplifier power enough, a circuit protection;
- 3, high - precision clock function, dynamic spectrum;
- 4, full-function keys, radio can be digital storage units;
- 5, FM radio function, support power and memory.
- 6, support MP3, with AUX IN function.
